MOVING

If you are **moving**, please notify our office at 825-3200 at least a day in advance to have your meters read for your final bill. Please have your forwarding address ready to give to us.

Also, if you are **selling** your property, we need the new owner's name when you call in to final your account.

BPU requires an application for service to be filled out if you are beginning service with us or transferring service in our service area.

The application is on our website at www.bpu.org. We can also mail the application to you. We will not read the meters until we have received the completed application, a copy of your lease (if renting) and a photo copy of a photo ID.

Street Light Out

To report a street light out, call 829-2193. Please be ready to give us an exact location in order for us to repair it in a timely manner. (example; NW corner of 5th & Maple Street intersection.)

OTICE: All electrical work performed in the City of Brainerd requires a "Request for Electrical Inspection" form to be filed, and work inspected by our inspector. Please call **825-3210** or **829-2193** for more information.

Annual Storm Water Public Meeting

The City of Brainerd will hold its annual storm water public meeting on March 15, 2010. The public meeting will held in conjunction with the regularly scheduled council meeting which begins at 7:30 PM in the Council Chambers at City Hall. The public meeting is a requirement of the Municipal Separate Storm Sewer Systems (MS4) permit.

At the meeting there will a short presentation on the MS4 permit requirements, the City of Brainerd's Storm Water Pollution Prevention Plan (SWPPP) and how the City has been implementing the Best Management Practices (BMP's) outlined in the SWPPP. There will also be a discussion on the importance of storm water management. The public will have an opportunity to ask questions or give comments concerning the SWPPP or implementation procedures.

If you have any questions regarding the storm water meeting or comments on the MS4 permit or the SWPPP, please call the Engineering Department at 828-2309 or email stormwater@ci.brainerd.mn.us.

To determine your own operating costs,

you must first define the number of kilowatt hours used. Multiply the watts found on the appliance by the number of hours used and divide by 1000.

 $kWh = \frac{Watts \ x \ hours}{1000}$

Then multiply the kilowatt hours by the cost per kilowatt-hour (.0604)

kWh X Cost per kWh = Operating cost

BRAINERD PUBLIC UTILITIES CUSTOMER DEPOSIT POLICY

CUSTOMERS SUBJECT TO A DEPOSIT

To establish credit with Brainerd Public Utilities (BPU), a deposit may be required at the time of application for service. A deposit will be required from customers for the following reasons:

A utility credit reference is not returned to the BPU business office within 10 days from the date of application for service.

A utility credit reference indicates a less than favorable credit history. A favorable credit history would indicate no more than one (1) penalty can be charged to an account within a 12 month period. No delinquent notices or disconnection notices can be issued and the account cannot have any NSF checks.

Any customer that was a previous BPU customer and left a bad debt or had an unfavorable credit history.

Any customer who has filed bankruptcy while being a customer of BPU.

Any customer who is disconnected for non-payment of bill.

Any customer who has an existing deposit that is not sufficient and/or has not established a good credit history while being served by BPU.

DEPOSIT AMOUNT

<u>Residential Customers</u> - The deposit will equal a two (2) month average billing based on the previous 12 months of bills. If there is no previous year's billing available, there will be an estimate made based on an account of similar size to establish an average monthly bill and then doubled to satisfy the required deposit. A minimum deposit of \$50 will be required.

<u>Commercial Customers</u> - The deposit will equal the highest monthly bill charged for the previous 12 months, rounded to the nearest ten (10) dollars. If there is no previous year's billing available, there will be an estimate made based on an account of similar size to establish an estimated highest monthly billing which will then be considered the required deposit. A minimum deposit of \$100 will be required.

Deposits for new customers will be billed with their first monthly bill. Exceptions include being disconnected for non-payment of a customer's utility bill or having a bad debt with BPU. The deposit will then have to be paid before utility service is allowed.

WAIVING A DEPOSIT

A deposit will be waived if the customer chooses to have his/her utility bill paid by automatic bank pay or a recurring credit card payment. However, if BPU receives an ACH return from the bank or a payment is declined from a credit card company for non-sufficient funds, a deposit will be automatically charged to his/her account.

INTEREST ON DEPOSITS

All deposits will earn interest at a rate that is set by the MN Department of Commerce each year in December [MN Statute 353E.02(b)]. Interest will be credited to the customer's account annually in December and/or when a customer moves and a final billing is done.

REFUNDING OF DEPOSITS

All customers who have paid their bill on time and in full for at least 11 of 12 consecutive months will have their deposit refunded. The deposit will be refunded to only the main applicant on the account. Deposits and any accrued interest are credited to the customer's account on the 15th of each month. When a customer moves out of their residence and a final billing is done, the deposit will be applied to their final bill. If the customer's final bill is less than their deposit, the remaining balance will be mailed to them. Any refund less than \$5 will not be returned to the customer.

TRANSFER OF DEPOSITS

A deposit can be transferred from one person to another residing at the same service location by coming into BPU and filling out a Deposit Transfer form.
