Call Gopher State One

at 1-800-252-1166 for water & electric locations before digging.

All requests for locations must be made by calling the above toll free number at least 48 hours before digging begins.

All Electrical Work

performed in the City of Brainerd requires a "Request for Electrical Inspection" form to be filed with the State of Minnesota.

BPU Office will be closed Dec. 26th & Jan. 2nd due to the Holidays.

Why Your Phone Numbers Need to be Current in our Database

When possible, BPU has phones answered by staff 24 hours a day, however during large power outages, our automated phone handling system takes over. We also use an automated phone messaging system when we have planned power outages.

Updated phone numbers help us reach you, our customers.

When we have a current telephone number we can also let you know when we see that you have water or electric consumption that is higher than normal, or other miscellaneous emergency situations.

Please call us with your updated home and cell numbers.
