Crow Wing County Alert

Your safety is our top concern – that’s why the City of Brainerd has teamed up with Crow Wing County to make sure you know about emergencies and incidents as they happen. This will include snow emergencies for the City of Brainerd.

The City of Brainerd will use *Crow Wing County Alert powered by Everbridge* to make sure you know about issues that may affect your safety. This system allows the City of Brainerd to contact thousands of residents in seconds, so you can be notified of an emergency right away by receiving important messages from the City of Brainerd via email, text and phone.

How does it work? The process begins when the City of Brainerd issues a message about a potential safety hazard or concern. Next a message from Crow Wing County Alert will be sent through your primary contact path. If you don't confirm receipt of the message, the system will try to reach your second contact path and continues trying to reach you until you confirm receipt.
